

# DECK GUARD

FOR EXTERIOR & INTERIOR SURFACES

Water-based varnish base coat which protects interior and exterior wood surfaces from weather, water and oil stains.

## FEATURES

WATER & OIL-RESISTANT

RETAINS BREATHABILITY

UV-PROTECTANT

PENETRATIVE FORMULA

## SUBSTRATES

NATURAL UNTREATED WOOD

## PREVENTATIVE MAINTENANCE

WATER-DAMAGED WOOD

SUN-DAMAGED WOOD

## THE NANO-SCIENCE

ARMUS Deck Guard is a water-based varnish used as a foundation prior to the application of Deck Guard UV or Deck Oil on either interior or exterior wood surfaces. It protects against water damage and oil stains. The impermeable water-repelling barrier also provides protection against UV-fading due to sun exposure.

## APPLICATION

### SURFACE PREP

- Wipe all surfaces clean of dust & debris.
- Remove any other wood stain or varnish from the surface prior to application.

### APPLICATION

- Stir well before application.
- Brush thinly & evenly, working varnish into wood grain.
- Maintain a wet edge during application. Apply 2 coats. Do not over brush.
- Additional coats should be applied 3-4 hours after first coat.
- Test a small area before full-scale application.

### ESTIMATED CONSUMPTION

- Up to 407 sq.ft. per gallon, dependent on properties of surface.

## SAFETY AND STORAGE

### WARNING:

- May produce an allergic reaction.
- Avoid breathing dust / fumes / vapors. Use in a well-ventilated area and wear proper protective gear and clothing prior to application.

### STORAGE & DISPOSAL

- Store indoors in a closed container.
- Store in a cool, dry, well-ventilated area away from heat and direct sunlight.
- Carefully seal partly-used containers.
- Protect from frost.
- Shelf life: Up to 18 months after the production date.
- Storage temperature should be between +50°F to 95°F (+10°C to +35°C).
- Disposal of container and material safely according to local laws and regulations.
